The following traffic signs require an ordinance. However, there are special situations not covered by these categories where we can also enact with an ordinance (i.e. truck lane restrictions). In these cases, work with your respective Regional Traffic Engineer to initiate the necessary ordinance.

Effective immediately, the stop sign/yield sign inventory has been discontinued. Therefore, do not submit stop sign and yield sign inventory sheets. These will be inventoried if and when we develop a statewide signing inventory. The TEAAS system has the capability to generate inventories for specific ordinances as needed. Please contact Jeff Jaeger at (919) 733-3915 or jjaeger@dot.state.nc.us if you have any questions.
